“ My history of international and diverse geriatric therapy helps me bring compassionate solutions and lasting comfort to an aging population. I am honored to serve patients in a home care setting, working within familiar surroundings and dealing with real-life situations and challenges. ”

David Harper earned his Doctor of Physical Therapy degree from the University of Iowa in 2017, and has worked as a physical therapist ever since. He has treated patients in California, Iowa, and London, UK. Harper is highly experienced in patient evaluation and assessment, as well as care planning and treatment. He is skilled in working with both acute and chronic conditions, from stroke exacerbations and post-fall rehabilitation to Parkinson’s and lower back pain. Harper also has significant home health leadership experience and clinical knowledge.

The Visiting Nurse Association of Johnson County has provided healthcare services to improve the health and the lives of individuals and the community since 1949. We bring skilled care and professional therapy home, resulting in increased independence and reduced hospital stays. When you need expert home care, remember VNA.
